

Supporting: MSFKB3004 Conduct on-site adjustments to cabinets and components

Practical demonstration checklist

The checklist below sets out the sorts of things your trainer will be looking for when you undertake the practical demonstrations for this unit. Make sure you talk to your trainer or supervisor about any of the details that you don't understand, or aren't ready to demonstrate, before the assessment event is organised. This will give you time to get the hang of the tasks you will need to perform, so that you'll feel more confident when the time comes to be assessed.

When you are able to tick all of the YES boxes below you will be ready to carry out the practical demonstration component of this unit.

General performance evidence	YES
1. Follow all relevant WHS laws and regulations, and company policies and procedures	<input type="checkbox"/>
2. Examine measurements and required adjustments	<input type="checkbox"/>
3. Decide on the best method for adjusting cabinets while maintaining their integrity and compliance with quality standards	<input type="checkbox"/>
4. Mark up cabinets and confirm measurements and adjustments needed	<input type="checkbox"/>
5. Make adjustments using appropriate techniques and tools	<input type="checkbox"/>
6. Clean up work area and dispose of rubbish properly	<input type="checkbox"/>
7. Inspect work to ensure that finished sizes are within tolerances and components are correctly aligned	<input type="checkbox"/>
8. Complete workplace documentation	<input type="checkbox"/>
